BELGIANS AROUSED AGAINST FLEMISH

Judges Seeking to Punish Activists Arrested by Germans—Riots Ensnare.

Amsterdam, Feb. 15.—Les Nouvelles (Maastricht) reports that the Belgian government having ordered the Belgian judges in the occupied territory to prosecute all activists guilty of having announced the fall of the king's government and of proclaiming autonomy in Flanders, the three presidents of the Brussels court of session placed under arrest Pierre Tock and Dr. August Borms, leaders of the activist movement.

The Germans immediately hastened to the place of justice in Brussels and arrested the three presidents and at the same time released Tock and Borms. The news spread like wildfire and delegates representing 600 Brussels societies met in the main squares, where a demonstration of thousands of persons was being carried out. The police and soldiers charged and fired upon the crowds, several soldiers and civilians being killed or wounded.

The three magistrates were sent to Germany. Later the court of session met and decided to resign in a body if the three magistrates were not released. All the Belgian tribunals have united and decided to strike. The Belgian people everywhere, according to this report, are in a state of extreme indignation against the Flemish inhabitants.

YOUTHFUL CAVALIER INSISTS ON BEING SOLDIER

Discharged from the navy on Sunday, Private Atkins, of Jellico, Tenn., joined the medical officers' training camp as a private in a hospital unit on the following Friday. Here he stayed two months and was discharged Friday morning. His offense in both instances is youth. Private Atkins is only 16. He vows he will now join the Salvation Army, where, he says, he hopes to become a lieutenant.

Atkins was given a blue discharge, that is a discharge without honor, but it is not a dishonorable discharge.

BIRMINGHAM REPORTS WALKOUT OF MINERS

Birmingham, Ala., Feb. 15.—Miners of the Sayreton mine of the Tennessee Coal, Iron and Railroad company, at Sayreton, walked out this morning and that mine is reported idle today. Today's walkout at Sayreton brings the number of the mines of this company where strikes are in progress up to nine. Discontent is said to be spreading to other mines and companies. It is reported that 1,500 miners in the Wylam division have determined to walk out as soon as their demand for recognition of their claims is denied. It is also said that the Republic Iron and Steel company is being affected by miners not working full time.

THREATENED SHORTAGE MEAT DECLARED NO MYTH

Washington, Feb. 15.—Although assured by the food administration that efforts to stimulate war-time meat production would be rewarded by "reasonable" profits, stock raisers of the country now are experiencing and facing tremendous financial losses because the government has neglected their interests, the senate committee investigating the food situation, was told today by T. W. Tomlinson, of Denver, secretary of the American National Live Stock association. The threatened meat shortage is no myth, Tomlinson declared, as 25 per cent. of stock feeders will be compelled to go out of business unless the government comes to their relief.

LIEUTENANT-COMMANDER TO WED CALIFORNIA GIRL

New York, Feb. 15.—A license to marry was issued today to Lieut. Commander David Worth Bagley, of Washington, a brother-in-law of Secretary Daniels, and Miss Marie Louise Harrington, of Colusa, Cal. Lieut. Commander Bagley was in command of the American torpedo boat destroyer, Jacob Jones, when it was torpedoed and sunk by a submarine in the war zone, Dec. 6, 1917, with a loss of sixty-four men.

EXCESS CHARGES ON SUGAR GIVEN OVER TO RED CROSS

Columbia, S. C., Feb. 15.—A South Carolina wholesale dealer today gave the Red Cross society a check for \$450, representing the proceeds of excess charges on sugar. The food administration agreed not to revoke his license if he would take this step. This was announced by the food administrator, who, however, did not divulge the name of the dealer.

EARLY ENACTMENT OF WAR FINANCE BILL FORECAST

Washington, Feb. 15.—Early enactment of the war finance corporation bill was forecast today by Chairman Simmons, of the senate finance committee. The bill probably will be favorably reported to the senate next week. James Otis Lyford, bank commissioner for New Hampshire, today urged the committee to increase from ninety days to one year the period for which loans may be made to savings banks.

INTERNATIONAL COURTESY IN ACCEPTING STATUE

(Providence Journal.) There is a fine international courtesy in the attitude of the British commissioner of works in accepting the replica of the Barnard statue of Lincoln when he says: "It is not the duty of the government to question the artistic selection of the donors."

This is a principle governing the acceptance of gifts that should be of general application, whether the recipient happens to be a nation or a man, by an obscure but respectable citizen. "Do not look a gift horse in the mouth." It is sound doctrine, but perhaps it is properly subject to qualifications. Courtesy, after all, is merely a manifestation in the presence of another, and particularly in the presence of the party that happens to be especially concerned in the cause thereof.

It is not discourteous for Smith to express his opinion of a gift from Jones in the course of a confidential talk with Brown, provided Brown is not a too intimate friend of Jones, and Smith feels he can rely on his discretion. And certainly if Smith is entirely alone in the privacy of his study it is permissible for him to wear a blue streak about the matter if his emotions incline him to that form of relief. Anyway, there is no discourtesy involved and no harm done, and if regret or remorse follow it is his own. To Jones and the world he can present a polite and amiable countenance.

Undoubtedly we should be astounded if

ADJUSTING BOMB IN FRENCH PLANE

there could be some revelation of the amount of heroin that has been involved in the acceptance of gifts. Nothing can be more exasperating than a present that is undesired or that offends the recipient's taste or sense of propriety, especially when the misguided giver is smugly satisfied with himself and his show of generosity. Etiquette, however, prescribes a display of gratitude and appreciation on the part of the recipient, even when the gift is utterly futile or even when the gift is a disgraceful one from an aesthetic viewpoint. The unwritten law is quite as relentless on this point as it is concerning the propriety of a gentleman's removing his shoe in a ballroom if his corn happens to trouble him.

There are 1,000 varieties of martyrdom to the conventional laws of conduct, and we have to regard the martyrs with pity, even if we are unable to question the general wisdom of the laws. The oil that lubricates the social machinery contains a good deal of sand, but unquestionably the machinery runs much more smoothly than it would without any oil whatever.

CONTESTED VOTE OF RHEA DIVIDED

Jones Starts in Convention Confident of Winning Chancellorship.

(Special to The News.) South Pittsburgh, Feb. 15.—At a meeting of the democratic committee of the Twelfth chancery district at 10 o'clock today it was decided as a preliminary to the convention which meets at 1 o'clock, to seat both of the contesting Rhea county delegations in the temporary organization, with the vote of the county divided equally between them.

H. B. Alexander was recommended for temporary chairman and R. M. Woodfin and T. A. Hayron for secretaries. Before the committee E. B. Madison, of Athens, represented the Jones forces, while C. H. Garner, of Tracy City, and J. L. Willis, of McMinnville, appeared for the opposition.

The town is full of delegates and the situation takes on the appearance of a state convention. The Jones forces are aggressive and confident.

It is noted that few members of the bar are among the Jones delegations. Judges Arthur Traynor, of Cleveland, and N. Q. Allen, of Athens, being the only ones of note. There is much wire pulling going on and the outcome is uncertain.

GEORGE THE HAMBURGER MAN BOUND OVER TO GRAND JURY

George Clemens, said to run a restaurant, was hard hit Friday morning, when Judge Martin Fleming fined him \$10 and costs and bound him over to the grand jury under total bonds of \$3,000 on charges of selling liquor. He was arrested by Paul Brown and Will Light, plainclothes officers of the police department, and Lieut. John H. Randolph, of the provost guard. There were three state warrants charging Clemens with selling the barleycorn fluid. The accused man made bond.

President Wilson's Words Awakening Teuton Masses

Countless scraps of paper, bearing in German, Polish, Czech, and Slavic the words of the far-off American President, are being furtively passed from hand to hand along the German and Austrian battle-lines and through the mines and factories of the Central Empires. The despised and ridiculed Bolsheviks, according to U. S. Senator Stone, are printing and sending into *Mittel Europa* these American messages of sympathy for the Teutonic peoples under the autocratic yoke, and the circulation of these tracts may have had its part in rousing the Austrian and German peoples to the brief protest of the strikes of a few days ago. Berlin, at any rate, blamed America for the strikes, and sentenced two British aviators to ten years in jail for dropping the Wilsonian gospel like manna from the heavens on the wilderness of the Kaiserdom. This subject is covered in a most graphic manner in one of the leading articles in *THE LITERARY DIGEST* for February 16th.

"The Digest" the Magazine for Thinking People

Every day that passes discloses more and more clearly the fact that the war in which the democracies of the world are engaged is a peoples' war, that it is being fought out not for the benefit of the classes but of the masses, that a new birth of freedom may come to the world with its ending. For this reason it is absolutely obligatory for every thinking man and woman, upon whom in the aggregate the destinies

of this nation depend, to make certain of accurate and unbiased knowledge of what is being done, at the front and in the thousand coordinated energies now set on foot at home. The one new magazine that gives you the facts, and nothing but the facts, without fear or favor, is *THE LITERARY DIGEST*. Read it, this week and every week, and be sure that your judgment and action are based on intelligent understanding.
